NEW YORK, June 8.—Cotton futures opened easy: July 23.60; October 23.90; December 23.08; January 22.66; March 22.96.

## ALBANY-DECATUR DAILY

DEVOTED TO THE INTERESTS AND UPBUILDING OF ALBANY-DECATUR, ALABAMA

VOLUME XIII

ALBANY, ALABAMA, MONDAY, JUNE 8, 1925

NUMBER 87

## THE WEATHER

(Associated Press)

WASHINGTON, June 8.—Alabama: Partly cloudy tonight and Tuesday. Probably scattered thundershowers.

HEAVY ADDITION TO  
HEAT DEATH LISTS;  
RELIEF IS DUE SOON

Rain Helps the West As  
East Swelters In a  
Record Warmth

STORM IS GIVEN  
CORDIAL WELCOME

Brings Breeze and Rain  
To End Torrid Wave  
In Many Sections

(Associated Press)  
CHICAGO, June 8.—Relief in eastern and western areas was in prospect today from the almost nationwide heat wave, which has taken a toll of 481 lives in nine days. Although western temperatures were moderated to some extent yesterday by cloudiness, rain and winds, resulting in a smaller toll of death, than the day before, the continuing heat in many eastern areas added heavily to the casualty list. Deaths yesterday directly attributed to the heat numbered 157. All but eight of these were in the east. The previous total was 324 deaths from the heat and storms. Philadelphia led the casualty list with 71, while 31 were recorded in New York.

Relief was forecast by the weather bureau from two directions. Portions of the area, particularly in New England and New Jersey were scheduled to benefit from an atmospheric disturbance moved into the central states from the Rocky mountains. By Tuesday the western messenger will have progressed to Tennessee, the Ohio valley and the lower lake regions.

The entrance of the storm into the middle west was accompanied by considerable damage in several states. High winds, small tornadoes and rains demolished buildings, flooded basements and interrupted communication and killed or injured several persons.

A score of persons were hurt near Ray, Col. A quick drop in temperature was in evidence at Des Moines, where the mercury dropped from 84 to 65 in ten minutes.

STANDARD OIL TO  
BUILD NEW STATION

Rumored Company To  
Construct a Modern  
Building Here

The Standard Oil company one of the first of the larger companies to realize the convenience of a retail filling station for motorists, will erect a handsome new station in place of the present building on the corner of Ferry and Lee streets, according to a rumor here today.

The present Standard station at Lee and Ferry was among the first to be erected in this section and long has been a favorite with motorists. It is said the company will spend several thousand dollars in the construction of a new building and approaches.

Full Story  
of Recent Broadcast

regarding the arrest by Officer M. J. Mitchell of his charge of speeding, which interested the public fancy because of the story has been in the newspapers all over the city, including New York. Mitchell, a brother of the late Mr. Harris, stated he had been the one who had been the great deal of good name song they by his friends over and there are declared he was not the brother Mr. Harris.

Speake Store To  
Be Renovated

The H. R. Speake store on Bank street will be renovated, the entire interior of the building being remodeled and improved. The firm will discontinue handling women's and children's

## In Blackmail Murder

THOMAS LEEMING (inset) &amp; HIS SLAYER

Thomas Lonsdale Leeming, fifty-four (inset), millionaire wholesale drug importer, was shot to death in his New York office building by Charles Muller (center, handcuffed), who confessed, according to police, that he had killed Leeming when he balked after seven years of paying out blackmail money.

BIG CROWD HEARS  
CALHOUN AT TENT

Rain Braved By Many  
At Revival Tent On  
Fourth Avenue

The Calhoun-Shaffer meeting, being held in the big tent on Prospect Drive and Fourth avenue, began auspiciously Sunday, with a large audience present, despite the downpour of rain.

Mr. Calhoun was delayed and failed to get here until the evening service and Mr. Crews spoke, in the morning, in an instructive way on "Putting First Things First." At the evening service, Mr. Calhoun spoke in a forceful way on "How to Have a Good Meeting."

The evangelist is considered one of the best pulpit orators in the South and large crowds are expected to hear him during the series of services, to which the public has been extended a cordial invitation.

The song services are being conducted by Gilbert E. Shaffer, of Lawrenceburg, Tenn.

Tribute Paid To  
Beloved Pastor

At the eleven o'clock service of the Central Methodist church Sunday morning a committee was appointed in church conference to draft suitable resolutions on the death of Rev. George T. Harris, former pastor of the church. Judge L. P. Troup in a few choice words, gave expression to the love and appreciation of the congregation of Dr. Harris and his work. The committee was instructed to draft suitable resolutions to be published in the local paper in the church paper and a copy forwarded to the bereaved family. The congregation stood with bowed heads in silence in memory of the former pastor. Dr. Harris had been pastor at Central church for one year and had been re-appointed, when he was moved to Presiding Eldership of the Talladega District by Bishop Candier. Friends knew that he had been ill for some time but were greatly shocked at his passing away. Dr. B. B. Glasgow, former president of Athens College, has been appointed to Presiding Eldership of the Talladega district.

## ALLEGED SPEEDERS

Two alleged speeders were arraigned this morning before Mayor F. L. Carswell and penalty imposed. Both defendants admitted their violation of speed laws and declared they would

WESTMINSTER WILL  
HAVE DAILY SCHOOL

Bible To Be Textbook  
At Vacation School  
Opening June 15

Announcement was made yesterday by the pastor Dr. L. F. Goodwin that a daily vacation Bible school would be conducted in Westminster Presbyterian church beginning June 15.

Many such schools are being conducted by the various denominations but this will be the first in this locality. While the school will be directly under the auspices of the church, all children between the ages of four and fourteen will be eligible. Parents were urged to co-operate with the faculty that has been selected that the school may be successful.

The pastor will have personal oversight of the school and the church will finance it so there will be no expense for the pupils.

Further and more definite announcements are to be made later.

Severe Loss Is  
Suffered In Fire

A severe loss by fire was suffered at Stewart's Cross Roads last Saturday, when a blaze destroyed the Jones gin, store and several dwellings. The loss is estimated at close to \$25,000 and partially covered by insurance.

Funeral Today For  
E. S. Skillington

Funeral services will be held this afternoon at two o'clock for E. S. Skillington, aged 80 years, who died Sunday morning at the residence of his sister, Mrs. Adrian Treiman, 1414 Fourth Ave., S. The services will be held from the residence by Revs. Barnes and Penland and interment will be made at city cemetery, the following acting as pallbearers: Active R. L. Maury, Walter Todd, Sr., Jack Dillehay, F. A. Bloodworth, T. N. Tidwell, J. F. Hamilton; honorary W. L. Hatchett, W. J. Townsend, U. C. Templeton, Gordon Nelson, Mike Humphrey, A. B. Carriger, B. R. Ross and Sam Brown.

Mr. Skillington was widely known and beloved here, where he had made his home for many years. He was a popular employee of the Louisville and Nashville railroad company. He became a resident here before the old boom days. About a week ago he

STRIKE SITUATION  
IN SHANGHAI TODAY  
STILL UNCHANGED

Defense Measures Of  
Foreign Colony Are  
Continuing

STUDENTS ASK  
EASIER TERMS

More Japanese Marines  
Are Landed From  
Warship Today

(Associated Press)

SPRANGHAI, June 8.—There have been no further disturbances here, following the recent rioting, but the strike situation in protest against the activities of the foreign power is unchanged.

The defense measures of the foreign colony are continuing, but the arrival of further naval contingents have enabled the authorities to lighten the duties of volunteers.

Two hundred marines from the Japanese ship Tatsua were landed today, two Japanese gunboats and two Japanese destroyers were proceeding up the Yangtze to protect foreigners at upper ports on that river. Two others Japanese destroyers arrived and will remain at Shanghai.

Precautionary measures taken by the Chinese civil authorities at Foochow prevented students demonstrations there from reaching serious proportions.

Various Chinese commercial and student bodies sat at the chamber of commerce yesterday evening and adopted 17 resolutions, including the demand that a state of emergency in Shanghai be cancelled, foreign marines be withdrawn, that Chinese who have been arrested be released and schools that have been closed be reopened, before official negotiations in the trouble be commenced.

Aviator Killed And  
Flying Cadet Hurt

(Associated Press)

SAN ANTONIO, Texas, June 8.—Plunging 500 feet to the earth in a tail spin, a Brooks Field officer was crushed to death, a cadet was probably fatally injured seven miles from here today.

Lieutenant E. A. Searl, Jr., Brooks Field instructor who was recently assigned here from Manila, was killed and Flying Cadet R. A. Strickland suffered a broken arm, cuts about the face and body injuries.

Lieutenant Searl and Cadet Strickland were in an instructing plane and it has not been learned what happened. Spectators say it fell into a nose dive at an altitude of about 500 feet and hit the earth.

Six Men Caught  
In Mine Explosion

(Associated Press)

STURGIS Ky., June 8.—Six men four of them negroes, were entombed in mine number nine of the West Kentucky coal company here today, when an explosion wrecked entry number one, a re-check made by company officials this afternoon indicates.

Escapes From  
'Drink Crazy'  
Negro Burglar

(Associated Press)

BIRMINGHAM, Ala., June 8.—Miss Alberta Gentle, 18, 809 North 46th street, who escaped from a drink crazed negro burglar, while the latter was attempting to assault her early yesterday, is in a critical condition today while Colorado Hunt, 19 year old negro, who was arrested later and identified as the assailant was in the county jail.

Miss Gentle was awakened by a negro who was choking her, and who threatened to kill her if she made an outcry. Her younger sister who was sleeping with her, awakened and made an effort to escape. This caused the negro to flee.

## Boy, Marble "King"

Thomas "Buddy" Raley (left), of Owensboro, Ky., congratulated Howard "Dutch" Robbins, of Springfield, Mass., upon his victory in the National Marble Shooting Championships at Atlantic City, N. J. Raley was runner-up.

BLOODY AXE FAILS  
TO YIELD A CLUE  
Fingerprints Smudged  
Too Badly To Get  
Photograph

(Associated Press)

BATON ROUGE, La., June 8.—The hope that the finger prints on the axe which used to kill Oscar B. Turner, an instructor in agronomy at the Louisiana state university, might furnish a clue to his slayer has failed.

Police say today that the bloody prints on the axe handle are smeared beyond photographic reproduction. Turner was found yesterday morning in his classroom his face and neck mashed with ten cuts. It first was suggested the crime had followed robbery of Turner, but his watch and about \$11 was on his person and police turned to some other theory to account for the killing.

Coroner W. C. Cushman, who opened an inquest yesterday, but continued it until late today, said there might be some connection between the killing and certain examination papers, which first were reported missing but later were said to have been mysteriously returned to the instructor's desk.

R. G. Markham, senior student, and Mr. Turner's assistant, discovered the crime when he went to the building to keep an appointment with the instructor to mimeograph the examination questions.

Turner had left his residence about 7 a. m. and was found about an hour later. He was still alive but died without regaining consciousness.

There was evidence that a struggle had been started in the classroom and continued to the foot of the stairs, where Turner was found dying. The axe, which had been kept in the building, lay on a shelf, evidently carelessly left by the slayer.

The building that houses the agronomy class was erected in 1835 for a United States arsenal and on the campus bears the reputation of being haunted.

Y Bible Class Meet  
Held Sunday A. M.

J. D. Garren, president, presided at the Sunday morning meeting of the Y. M. C. A. Bible class which was opened at 8:20 o'clock. After some spirited singing, prayer was offered by Rev. Noble R. Edwards. Special music followed prayer with G. A. Shaffer leading.

L. B. Wyatt, C. L. Shook and J. R. Johnson were appointed to select a new president, Mr. Garren having resigned the position.

The meeting then was turned over to Dr. L. F. Goodwin who taught a very beautiful lesson on "Spiritual Gifts of the Body of Christ."

Hall L. Calhoun, evangelist will address the class at the next Sunday morning meeting. G. A. Shaffer will lead the song service.

Will Davis Collapses  
'As He Enters The  
Courtroom

(Associated Press)

NASHVILLE, Tenn., June 8.—Will Davis, charged with the murder of his wife, Mrs. Aida Davis, whose body was found floating in the Cumberland river, with her throat cut, inflicted a deep gash in his neck this morning while being carried to the criminal court room to be arraigned. He used a safety razor blade.

With Deputy Charles Sanders walking behind him and holding to his belt, Davis collapsed just as they were ready to enter the courtroom door. The deputy discovered the blood flowing from the wound and the county physician was called.

The wound is not necessarily fatal, although Davis was taken to the hospital in a semi-conscious state.

Recital Tuesday  
At The Masonic

Local music lovers are looking forward with interest to the appearance here Tuesday evening, in recital, of Virginia Cartee Roepke, coloratura soprano, assisted by George Conrad Roepke, baritone and Carl Johnson, pianist. The program will be given at the Masonic theater Tuesday evening, beginning at 8:15.

Virginia Cartee Roepke began her musical training at the state school for the blind, Talladega, and later went to Philadelphia, where she obtained training by teachers of great renown. She appeared on a number of occasions as soloist with the Philadelphia symphony orchestra, and was accorded high praise by musical critics.

It is quite surprising to many people that Virginia Cartee Roepke teaches in print music with the same facility and adeptness as she does the Braille print for the blind.

Alleged Forgers  
Placed In Jail

Two negroes charged with attempted forgery were lodged in the county jail Saturday following their attempt, according to officers, to pass a forged check in the sum of \$35.00.

F. A. Bloodworth of the Morgan County National Bank notified officers of the belief that the signature on the check was false and officers immediately placed one of the negroes under arrest who told them of the connection in the case of the other negro. Upon the arrest of the second negro, officers declared that he denied the charge. Upon examination of the hand writing the negro confessed, it was said, and both were turned over to county authorities.

TRUSTEES ELECTED  
FOR ENSUING TERM  
BY COUNTY BOARD

Officials Are Named by  
Board For Many  
Districts

TEACHERS ALSO  
ARE ELECTED

Names Of Principals  
And Assistants Are  
Made Public

The following have been elected as trustees for the various school districts of the county to serve for a term of one year beginning July 1, 1925, according to announcement of school officials today.

District No. 2—Trinity.

Dr. Frank Emens, F. D. Lile, J. W. Robinson

District No. 3—Pleasant Hill.

L. M. Day, Joe Taylor Robinson, Geo. W. Russell

District No. 4—Mt. Zion.

W. J. French

District No. 5—Liberty.

D. M. Brown, R. R. Johnson, H. O. Bridges.

District No. 6—Johnson's Chapel

J. M. Glasgow, Wash Roberts, John Kell.

District No. 7—Danville.

R. L. Gibson, J. Streit Sandlin, Ratliff Hardwick, D. Wasson, G. W. Lindsey.

District No. 8—Andrews

S. A. Evans, D. W. Hogan, J. H. Burgess

District No. 9—Moulton Heights

J. C. F. Nelson, J. M. Byers, Arthur Sockwell

District No. 11—Means

J. A. Washburn, Lee McCullough, J. W. Lamon.

District No. 12—Neill

H. B. Johnson, A. L. Singleton, W. T. Watkins.

District No. 13—Oak Grove

R. A. Rogers, Burnell Orr, Billie White

District No. 14—Cedar Mountain

Grady Orr, Wm. Tanner.

District No. 15—Massey.

J. L. Reeder, Marvin Woodruff, W. T. Jones.

District No. 16—Austinville.

L. L. Pepper, C. A. Earwood, F. B. Napps

District No. 17—Summitt

S. D. Jones, Jim Washburn, Harry Baker.

District No. 18—Oak Ridge.

S. J. Sparkman, L. J. Wallace, R. G. Sybert

District No. 19—Windes

Henry Herring, W. F. Townsend, J. E. Hardwick

District No. 20—Lebanon

H. J. Thomason, E. R. Barkley, T. F. Jackson

District No. 21—Round Top

W. L. Junkins, Chas. Summerford, Miles Shoemaker.

District No. 22—Fairview.

R. D. Compton, A. H. Spiegel, R. L. Wells

District No. 23—Flint.

C. E. Lamon, R. D. Couch, D. D. Norris

District No. 24—Orr's

E. D. Stephenson, W. B. Mason, Monroe Teague.

District No. 25—Collins.

Robert Foote.

District No. 26—Jones.

A. H. Jones, I. H. Harden

District No. 28—Rural Grove

C. M. Muzzy, Jim Ballew, Jim Sparkman.

District No. 30—Cedar Creek.

Frank Knight, J. I. Lott, F. S. Holmes

District No. 31—Leedsdale.

Albert Meister, Herman Sivley, Jeff Clark.

District No. 32—Piney Grove.

Otie Henderson, Clay Speigel, B. F. Praytor

District No. 33—Priceville.

W. E. Bean, W. F. Callier, J. E. Price

District No. 34—Natural Bridge.

J. H. Wallace, Henry Marion, Eugene Mays

District No. 35—Mt. Tabor.

H. F. Sryer, J. D. Whitten, Eugene Ryan

District No. 36—Center Point.

W. T. Wright, H. H. Murphy, W. E. Sabotka

District No. 37—Gandy's Cove

Elbert Weaver, John McCormack, Mrs. Ina Neill.

District No. 38—Dripping Springs.

## SYNOPSIS

**CHAPTER I.**—Ellen and Joe Latimer, orphans, without means, make their home with their Aunt Elsie, at Port Washington, small New York town. Ellen is studying art, her expenses being paid by Mrs. Sewall Rose, girlhood friend of her mother. Mrs. Rose invites Ellen to a "Thanksgiving house party," and the girl is delighted.

**CHAPTER II.**—On the way from the station to Mrs. Rose's Ellen rides with a remarkably attractive young woman and a much older man. She takes them for father and daughter, but they are introduced as Mr. and Mrs. Josselyn. Ellen does not "fit in" with the younger members of the party, and is miserable.

Theron Poe, Prin., Mrs. Theron Poe, Miss Sara Emens, Miss Virgie Winn, Miss Jennie Ethel Beams.  
Danville Junior High.  
C. K. Parker, Prin., Fay Kirby, Aubrey Kettler, Elizabeth Crawford,

—Miss Latimer must catch the eleven-thirty!"

"She has exactly eleven minutes," Gibbs Josselyn said dryly, glancing at his watch, and the older man added surprisedly: "What on earth's the matter with Maurice? Why is everything topsy-turvy, Abby?"

"Goodby, both of you—see you soon!" Gibbs said suddenly. "Run down and jump into my car, Miss Latimer. I'll run you to the train. We'll make it very nicely. Goodby, Ward! Goodby!"

"Oh, now, I don't like this one bit!" Mrs. Rose continued to protest, but she kissed Ellen goodby none the less, and her husband ran with the two young persons down the steps, tucked Ellen's bag into the back of the car, and forced her to slip into his big fur coat for the two-mile trip.

"Leave it in the office some day, Gibbs," he said. "You can make it, I guess! Goodby, Miss—Awfully sorry, old boy, but such things will occur. Abby's all upset about it, I know."

Young Josselyn put Ellen into the car, and tucked the heavy robe snugly about her. In another ten seconds he had sprung into his own seat, and waved a goodby to the watching Roses. The roaring of the car drowned out all farewells.

A day or two ago Ellen might have felt it her place to keep the conversation moving. But the last forty-eight hours had been full of painful lessons for her; she knew better now than to attempt any friendly overtures. Boys younger than she had snubbed her, girls of seventeen had looked upon her askance. So she kept absolutely silent, her bright eyes moving between the fur of her hat and the fur of her collar like those of a timid but interested bird.

As the car was brought neatly against the station platform, she began to free herself from her wrappings, and said politely:

"I'm a thousand times obliged to you, Mr. Josselyn."

"I don't know whether you are or not," he said, narrowing his eyes at her quizzically. "I think we've missed it!"

"Missed it! Oh, goodness!" Ellen echoed in dismay.

"Stay where you are," he said, jumping from his seat. "I'll find out."

He crossed the station platform and disappeared, and Ellen sat in a panic, waiting for him. Oh, she couldn't go back to that house, and have the whole thing begin over again—

"Yes, ma'am, we've missed it," said Gibbs Josselyn, coming back, and leaning against the car with sympathetic eyes on her face. "Was it pretty important, or what? The text is at one-twenty-two."

"It's not so important," Ellen said, in a troubled voice. "But I don't like to go back—I'll wait here!"

"What—until after one o'clock?"

"Yes, I think so," Ellen answered firmly. "I—I don't know them very well," she went on confusedly. "And—and I think I rather worry Mrs. Rose, not getting on exactly with the others." She stopped, conscious that this explanation was rather lame, and added finally: "You see, they all know each other so well, and they don't know me!"

"I see perfectly," Gibbs said pleasantly. "You would be safer in a band of Hottentots!"

Ellen laughed. Her white night had only added a touch of mystery, of spirituality, to her Irish beauty, after all, and the drive, after her breakfast, had brought back her wild-rose color. The man looked at her as if he saw her for the first time, looked down at his big fur glove, plunged his hand suddenly into it, and asked carelessly:

"You couldn't make the run with me, I suppose? I'm going straight down to my club. It won't take us more than a couple of hours."

The girl's blue eyes danced. The thought of a refusal never entered her head.

"Oh, I'd love it!" she answered happily.

"Good girl!" he said. He walked about his car, eyeing it from all sides, opened the engine-hood and made a few mysterious investigations, got back in his place, and they were off. Her companion, who was wearing dark goggles, turned to Ellen and dropped another pair of glasses in her lap, with the four brief words: "Better put them on." Ellen obediently snapped them against her soft hair. Not another word was spoken for three miles. Ellen was entirely conscious that the man beside her was gradually working off his irritation and anger.

After awhile he glanced at her, smiled a sudden and perfunctory smile, and said:

"I'm pleasant company for you—what? Have you minded my chatter?" Ellen laughed, in some embarrassment. "I didn't mind—not talking!" she said, shyly.

"You—what?" he asked in so loud a voice that she felt rather frightened. "You didn't mind? Well, that's so much gained, anyway." He drove on for a minute or two, and then asked abruptly: "Miss Latimer, how much of that did you get?"

Ellen was not quite sure she understood him.

"You mean—there at the house?" she faltered, as he gave her a shrewd side glance.

"Exactly!"

"I knew that Mr. — that your father was there?" the girl said, timidly. Gibbs wrenched at the wheel with large, strong hands; his brow clouded; they flew along in silence.

"D—n such women!" he heard him say under his breath. Ellen felt her color rise, she looked straight ahead. "I wonder if she arranged that?"

Ellen's quick look met his; she shook her head decidedly.

"Mrs. Rose? Oh, no! She wouldn't

do a thing like that! She was frightfully nervous the instant she saw you," she answered confidently. "She's too good-hearted—she wouldn't do a thing like that!"

Again he did not answer, except for a dubious glance and a half-satisfied nod. But after a while he spoke.

"I guess you're right. You probably are. I guess I'm just out of sorts—making too much of the whole thing!" The car slowed down, Gibbs looked at the fastening on one of his big gloves, shot Ellen a glance.

"Have you got a mother?"

"No," Ellen answered. "My mother is dead."

"So is mine," he said soberly. "I loved her very much. I don't—I don't get used to it!"

"I'm sorry!" the girl said, simply, after a moment.

For a few minutes he was silent. Then he suddenly began to speak of his mother.

"I don't know why," he said unexpectedly, "but I wish you had known my mother. She was a most extraordinary person. She was frail always, I think, and when I was a boy about eighteen or nineteen, she had an illness, and she never left her couch after that—for twelve years. I was studying in Paris, she and my father had left me there; she wanted me to be a painter. But on my own responsibility I came home when my father wrote me that she was ill. I've never forgotten her look when I came into the garden. It was summer, and she was lying on the porch—thin, and so white—"

Ellen hardly dared breathe. She had never had a man's confidence before. "I gave up my painting, and I went into the firm with my father," he pursued. "A year ago, we were both in the library with her, when she—well, she just gave a sort of sigh, that was all. Her heart got tired, there was no pain. And for a while we thought my father was going, too. He drooped and brooded—it was ghastly. He'd always been so young for his age. But now he seemed broken, somehow!"

Ellen cast about for something to say, fearful of chilling his mood.

"He seems young now," she ventured at last.

"Now? Of course he does!" Gibbs assented half-angrily. "Mind you," he added, speaking fast and vigorously, "mind you, he had a perfect right to marry if he felt like it. That's his affair. But to marry this pink-cheeked, empty-headed, stupid cloak model—if she was that! I only saw her once. She was engaged, when my father met her, to a big black-mustached fellow who had a couple of living wives. That's her measure! The fellows began to hint to me about it six months ago; I didn't believe it. Then I saw my father with her one night, having dinner; at Sherry's, I think it was. I thought—He glanced at his companion suddenly. "Well, you're only a kid," he said, more gently. "But I never dreamed this would come of it!"

Ellen's color rose.

"But—but there is nothing disgraceful in his marrying her," she said bravely. "And—and if I were your mother I would rather he did that than—than did anything that wasn't fair to her!"

Gibbs drove on in silence. She thought perhaps he had not been listening.

"You're quite right, my dear," he said presently, in a softened tone. "You make me feel ashamed of myself. A good woman has the trick of putting her finger right on the vital spot sometimes, and I believe my mother would agree with you!"

Ellen's happy color flooded her sensitive face.

"I've not seen my father since this thing happened, two months ago. I suppose they told you that?" Gibbs said. "I've not been home since. I suppose he's established her there, if they got in on Wednesday, and she's prowling among my mother's books and lace and jewelry. I can't—I can't quite go it. The world's big enough, and people will stop buzzing about us presently. Let her have her money and position and good times. I don't grudge them, God knows. But I feel as if it wasn't only my mother who died a year ago, but my father, too, and the old days, and the old ways of thinking. Some day—I don't know—I'll go in and see the old man, and we'll have a talk—"

"But you've not met her?" Ellen asked thoughtfully, when his voice had dropped to silence. "She doesn't seem to me the cloak-model type."

"Pretty, eh?" he asked, with dry interest.

"Oh, extremely! She's more than pretty, she really has a lovely face, and I think she is clever, too. She's studying French and music, and she—well, she has a way of keeping silent that makes other women seem like chatter-boxes!"

"It must be lots of fun to play her game," Gibbs said musically. "Watching every chance, studying the Social Register as if it were her catechism, picking up bridge and French and music! I wonder if my father sees through it?"

"It wouldn't be worth while to me, not if I was left a million dollars," Ellen contributed. "There's too much that's uncomfortable about it. And if I had daughters, I wouldn't want them to think that only money counted. I don't mean that I could do it, even if I did want to," she said hastily.

"There's nothing in it for the people who chase it all their lives," Gibbs observed. "And the real people—the ones who are born to it, don't know they have it—so there you are! You can't buy anything real with money, as I see you suspect. Well, now I've talked you to death about me, and told you my maiden name and everything."

## SPORTS

### Rogersville Coming Friday To Battle Power Co.; Power Returns Saturday

The Rogersville clan of baseball tossers will put in an application for a baseball victory at Malone Park on Friday afternoon when they journey to the Twin Cities in an effort to wrest a battle from the clutches of the Power company. The Power company will likely go to Rogersville on Saturday to engage in a return turmoil.

The Power people have rather a full week's work in the last three days of this week with the city league game on Thursday and the two tilts with Rogersville following on Friday and Saturday.

Bloodworth will likely toss 'em up for the Thursday city fight while Franklin is expected to work Friday against the Rogersville folks. Frank-

lin is a portside of rare attainments, having hurled at Virginia Polytechnic Institute, where he attended college. Franklin has but a single arm but is said to have established a good hitting record as well as pitching mark while in the Virginia hills. Gallagher is slated for box work on the return trip to Rogersville provided he is in shape to assume duties.

Eddie Lewis, who has been chasing flies in the outer gardens of Sulphur Dell at Nashville, has been farmed to Columbia, S. C. Lewis hit the trail following a deal with the South Atlantic magnates in which the Vols grabbed a fly chaser and a hurler. Eddie was fast becoming one of the best liked men in the circuit, but due to a weak hitting ability and short chunking arm he is doomed to the South Atlantic section for this year at least. Local fans are interested in the work of the diminutive diamond artist and hope he will reappear in Southern league livery next season.

delay of a few days perhaps will exist before actual work begins in order that full right-of-way may be had. With the completion of this road and the east and west highway Moulton promises to have a growth never experienced in her history.

Announcements of the marriage of Miss Robbie Sample, of Somerville, to Mr. L. F. Howell, of Moulton, are made for June 24, 1925. Miss Sample is well known in Moulton where she taught music for some time in the county high school, and where her sister, Mrs. A. J. Grossthaite lives. Mr. Howell, a member of the American Legion, was honored in the last general county election with the office of circuit clerk.

Misses Lula and Novie Almon, teachers in the public schools of Florence, are at home with their mother and brother, T. F. Almon, for the vacation.

Good showers fell in various parts of Lawrence county Saturday and Sunday and though partial did much good to the crops.

Mrs. Thomas Perry, of Moulton, is visiting her son and his wife in Birmingham this week.

Mr. and Mrs. James N. Howell, of Florence, were guests of his parents and family during the week-end. Mr. Howell is principal of the Coffey high school at Florence.

J. Leonard Weatherwax, cashier of the Citizens Bank, has purchased the old Methodist parsonage just north of the Methodist church and moved into it. He plans to erect a new home on the lot soon.

Mr. and Mrs. R. L. Travis, of Clovis, New Mexico, went to Nashville, Saturday, for a short visit. Mrs. Travis was formerly Miss Elizabeth Gibson of this place; she and her husband are visiting relatives in and around Moulton.

Friends of E. A. McBride, formerly assistant county superintendent of education, were glad to see him last week in Moulton. Mr. McBride has been principal of the Munford consolidated school in Talladega for some time and goes next year to the principalship of the Talladega city high school. He goes with his wife to Peabody this week for summer study.

Friends of Miss Annie Lou Burch who was taken to Albany last week to undergo an operation for appendicitis are glad to learn that she is fast improving and will soon be able to return home.

## We leave off the tip—and give you the saving

A tip on the end of a cigar is like a double-deck silk hat. An added expense without any added value.

Cigar tips are simply a custom, like the bustles women wore in 1880. Decorative but unserviceable.

That's why we can give you four fragrant, mellow, 4 1/2-inch cigars for one thin dime. Made from prime leaf perfecto cigar tobacco. The triumph of volume production.

## 12 Years Ago From The Daily of June 8, 1913

There was no issue of The Daily of June 8, 1913.

From the cartoonists' standpoint the prominence of Vice-President Dawes lies in the size of his ears.

President Coolidge was cheered upon his return to the mid west. Before his election he was jeered in that same section. It is the loyalty of the people that makes the nation ahead of every other country.

The rain of Sunday will greatly benefit agricultural interests in this county and the North Alabama section will again be in the front of state figures when the harvest yield is totaled.

To the lovers of the good old days we might casually remind them of bad roads, rough transportation, uncomfortable journeys, coal oil lamps, busses and high collars. They might alter their views a bit regarding the dangers in modern luxuries.

A Sunday feature writer declares that the world will be crying for food within the next two years. These flows just must have something to say to the people in a while and to command attention they use sensationalism.

FOR LEGAL PROFESSORS OF ECONOMICS can tell you how has been stretched in the past, but they can't grasp the right idea about stretching it for the if they had they would be in the business themselves.

FOR T. Scopes says that he will return to Kentucky land of his birth, at the conclusion of the Day-key circus never more to espouse the Darwinian People soon tire of notoriety no matter in what may come.

FOR R. Rice has discovered that humans are not when they jump in a tight situation, they are vious. Don't suppose he was speaking of the rdden pedestrian who is trying to cross a crowded

FOR R. with all sorts of vehicles just grazing his coat

FOR an is preparing to take the Soviet on for a few ed That fact seems to burst the bubble of the yed ril that has been preached for so many years in one country. The United States, Britain and other remanle nations will stand shoulder to shoulder with 556 in the attempt to remove the Soviet from the Pacific.

of progress and the steady growth in the sales of motor driven vehicles. Huntsville is just as rabid a fan on the bridge subject. Looks like the highway commission has stirred up a bee hive on the bridge question.

To our neighboring cities we gladly announce that we have our bridge. We feel like smiling at the efforts of the other fellow, now that we have accomplished an aim of a quarter of a century. We hope that these cities get what they are looking forward to, they realize their needs and must have the facility for handling traffic, we only hope that they will not experience such a difficulty in getting their's and that the time limit will be set at five and not twenty-five years before the work is started.

## ALBANY COUNCIL TAKES FURTHER STEPS TOWARD AIDING HEALTH

At the Friday night session of the Albany City Council many matters of business importance were brought to the attention of the "city fathers." Probably one of the most important in the minds of the people of the city was the question of adoption of an ordinance providing milk regulation in this city. The city of Decatur had previously passed the measure when taken before the council by the representatives of the health unit of this county.

The city of Albany adopts the milk ordinance following an almost unanimous favorable vote, it is understood to have been seven for and one against. In voting the passage of needed restrictions the city has taken a step towards eliminating disease in this community. Some of the most dangerous diseases to adults, can be traced to the source of impure milk supply. Impure milk is a constant danger to children and The Daily congratulates the city council upon having taken such a progressive step.

In speaking of the health conditions in the city we do not wish to forget the drive that must be successfully culminated to gain the full benefit of the health department's work against mosquito breeding and the consequent spread of malaria. The cities of Albany and Decatur, the county of Morgan and the entire valley has been practically free of this disease during the past two years due alone to the work of the health departments. We must not hesitate to lend an aiding hand when the department calls upon us either as cities, civic organizations, or individually. The removal of the cause of this dread disease is a noble work, it is a work that cannot successfully be done without the necessary funds.

## THE PLEDGE OF THE BUSINESSMAN TO THE SOUTH AND HOW IT IS BEING CARRIED OUT

Every day we are reminded of pledges, those that are made and broken and those that are made and carried out. More particularly are we reminded of the pledge of Edward W. Carmack to the South on this occasion as Nashville and a large part of Tennessee is interested at this time in the tributes that are being paid to the departed statesman. There were many who believed in Carmack as a man and a leader—there were many who did not, but there are few who can deny that his pledge to the southland is one of the beauties of tribute that has been paid to this glorious land of ours.

This was Mr. Carmack's pledge to the South: "The South is a land that has known sorrows; it is a land that has broken the ashen crust and moistened it with tears; a land scarred and riven by the plowshare of war and billowed with the graves of her dead; but a land of legend, a land of song, a land of hallowed and heroic memories.

"To that land every drop of my blood, every fiber of my being, every pulsation of my heart is consecrated forever.

"I was born of her womb; I was nurtured at her breast; and when my last hour shall come I pray God that I may be pillowed upon her bosom and rocked to sleep within her tender and encircling arms."

Which reminds us of the pledges that are being made day by day by men in the business world in this southland.

Every day we hear of a new plant worth thousands of dollars being installed in some city. A new school building being built, a new roadway being completed, a great business being opened, and we smile and say, "Humph! That town certainly is building and booming. Those folks certainly have the get up and go about them, wonder how they do it."

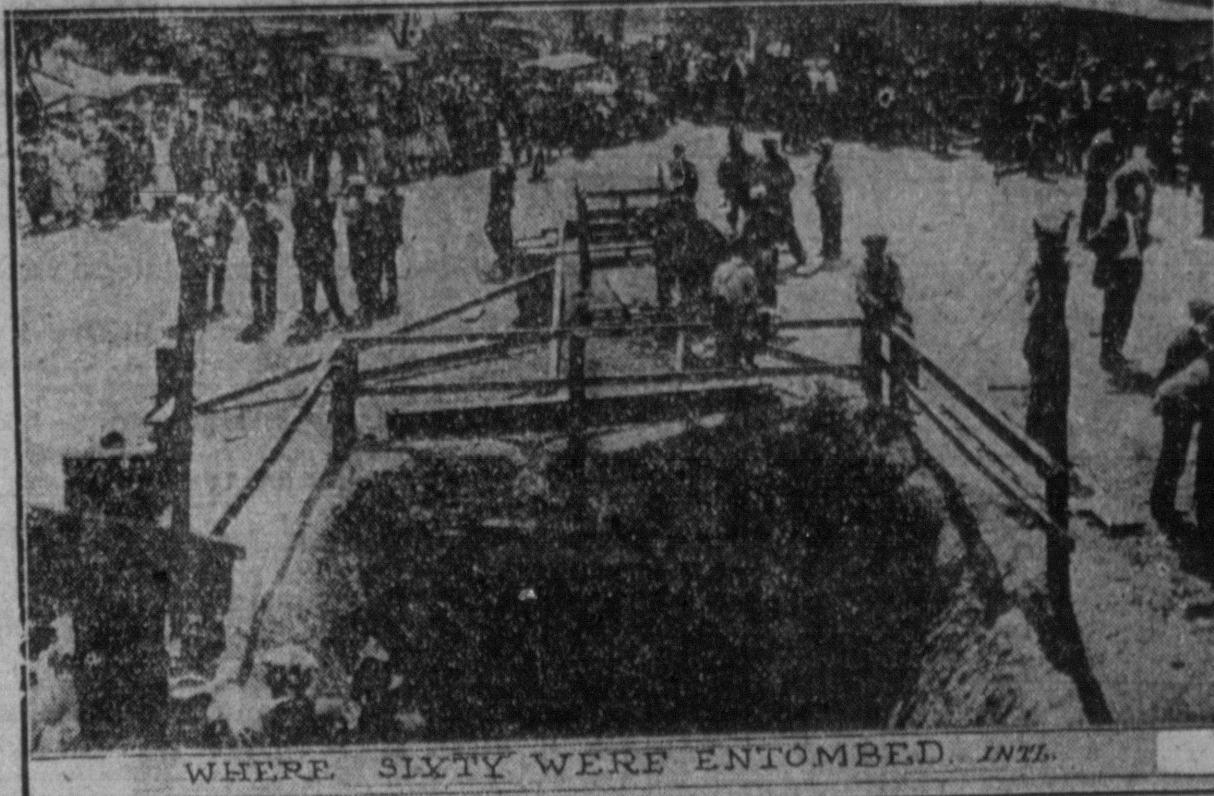

Redeemed pledges, that's all. People starting out with a clear cut view of the possibilities of their section or their city and never letting up in their work until their pledge has been redeemed. It isn't luck that one city grows while another stands still. Growth isn't the result of sitting down and waiting for the other sections of the nation to discover your territory, the age of discovery is past, today has taken its place with the age of salesmanship, the age of promotion, the age of constructing with your own hands without the aid of someone else. Neither is this an age of philanthropic giving, so far as cities and towns are concerned, outside interests are not coming to your door and ask that they might come to your territory, deposit in your banks, employ your people and contribute to your civic causes. You have to go after them this day and time and convince them that you have something to offer them in return for their investment. You will have to set your own pledge and redeem it.

People of the Tennessee Valley are realizing the need of real community work more and more with the passing months. We believe that the Muscle Shoals bubble that has been blown to fullness in these many years has had a great deal to do with making Valley people realize that "The Gods help those who help themselves." We do not wish to convey the thought that we are of the opinion that Muscle Shoals is but a scheme, a gigantic land and water power bubble that must sooner or later be broken. We believe that Muscle Shoals is just as powerful as ever in the final development problem of this section. The thought is this, we have at last learned to rely upon ourselves and pass up the outside aid idea as a "maybe."

Business men of the southland are fast redeeming the pledges that many of them have established over a lifetime period. Look at the state of Florida, the Carolinas, Texas, and now our own state awakened at last to the wonders in resources within her own borders and striding forward with a step that will outlast the Florida boom, step beyond the Carolina era and outstrip the Texas stride. Alabamians are redeeming their pledges. Businessmen are making new pledges urging their fellow-citizens onward in the constructive fight. Look at Mobile with her port development, Birmingham, Anniston, Tuscaloosa, Selma and Gadsden. It isn't worth while to list the Valley cities separately; they are all growing almost as fast as is humanly possible.

Albany-Decatur business men are redeeming their pledges in a closer unity, a united fight for a better community progressiveness. A bridge, good roads, schools, health conditions, everything in a constructive line. It is not the result of the fight that any one man has made; it is the result of the redeeming of pledges, a pledge which in its full meaning has meant the growth of every thing beneficial to these cities.

## Hope Gone for Sixty Miners

Here is the mouth of the Carolina Coal Co. mine at Cumbock, N. C., which closed on 60 miners after a series of explosions. Eight bodies were removed in the first two days and rescue parties, equipped with gas masks, sought the other 52 in the expectation that they would be found dead.

## OFFICE CAT

The girl who changes her heart as easily as her gloves, doesn't always change her name.

A husband is the legally appointed audience of his wife.

## More Expense

"Would be a song of expense, if you'd a flask of gin,  
And you went to the kitchen sink and poured the stuff therein,  
For, if you call him in the fall, in winter, spring or summer,  
It takes a heap of hard-earned jack to pay the bloomin' plumber."

Oculists report increased business. Shorter skirts are undoubtedly coming back.

## Etiquette Hints

Pick bones out of your fish. It isn't considered good form to pick them out of your throat.

A college president says a girl should be so dressed that people will not remember her for her clothes.

Americanism: Howling for sanitary water cups; drinking from the same bottle.

A benefit fund for the retired saxophone players has been started. The saxophone players will get the fund and every one else the benefit. If there is any assurance that they have really retired, we will be glad to make a substantial donation.

Sometimes a married woman makes a good wife and oftener a good husband.

Mr. Glummer—If I should die before you I hope you won't wear mourning.

His Wife—I won't. I tried on some last winter when you were so ill and it made me look ten years older.

No matter what you may say bad about the modern girl, she is not effeminate.

A fool and his money—well, you don't hear of any bookmakers going into bankruptcy, do you?

## End of a Perfect Cow

A cow stood on the railroad track; A train came around the bend, She never had been hit before, But she got it in the end.

"I'm going to get to the bottom of this," said the sleuth as he jumped into the well.

Fishing is better than golfing. You can't go to sleep by a golf ball waiting for it to bite.

No man ever got where he wanted to go, by side-stepping.

Cross-word stockings are making their appearance. An optimist is one who believes it indicates the craze is now down at the heel.

## Hartselle News

### FINE RAINS COME TO THIS SECTION SATURDAY

Fine showers came to this section Saturday afternoon, continuing practically all the afternoon, bringing great relief from the oppressive heat wave, doing great good to all growing crops and gardens. In some sections east and north of town heavy rains came putting a season in the earth.

Just north-east of town in the Natural Bridge community one of the heaviest of the rains came, accompanied by heavy winds. Some damage was done to the forward corn.

Saturday night the rain continued at intervals through the night, adding another unit toward a good season. Gardens responded quickly to the moisture, and Sunday morning all vegetables showed to be wonderfully revived.

Many planters in this section had already laid by their forward corn, ranging from ten acres to forty acres to the farm.

J. B. Patterson a large planter at Lacon reported that he had just finished plowing 165 acres of corn probably for the last time, it being very fine and holds great promise for a fine yield.

### REVIVAL AT BAPTIST CHURCH WILL CONTINUE THIS WEEK

Large audiences continue to hear Rev. J. L. Robinson of Cullman who for the past week has been conducting a revival service at the First Baptist church. The meeting will probably extend through Wednesday of this week.

### OLD FACULTY CONTINUES AT M. C. H. S.

With the exception of one vacancy the same faculty of the M. C. H. S. next term will be the same as last term. The marriage of Miss Hines, teacher of Latin and French is the only change made. This vacancy has already been supplied by a teacher from Georgia.

The principal W. T. Tiller serving his initial term last year, has been complimented liberally on his high plane of conducting this institution, and was unanimously re-elected.

### SHOWER TENDERED MISS LOIS NELSON A BRIDE TO BE OF THIS MONTH

A miscellaneous shower was tendered Miss Lois Nelson at the home of Mr. and Mrs. J. H. Riddle last Friday afternoon, complimentary to her approaching marriage this month to Mr. Coy Stephenson. The rooms were tastefully decorated with ferns and cut flowers, lending an enchantment and added charm to the happy occasion.

The bride to be was the recipient of many handsome and useful articles, many of them hand made, and given by her many admiring friends.

Delightful refreshments were served and music added another feature greatly enjoyed.

Miss Nelson is the talented daughter of Mr. and Mrs. S. M. Nelson and has many charms which has endeared to her a large circle of friends and acquaintances.

### MISS LOIS NELSON HONORED BY METHODIST SUNDAY SCHOOL

For several years Miss Lois Nelson has been the faithful organist for the Methodist Sunday school of the First M. E. Church South Last Sunday the different classes of the school made a contribution, the purpose of which was to buy and present to her a suitable present, the gift of the entire school for her faithfulness and proficiency in the department she has served so cheerfully. The suggestion was made by the superintendent, J. H. Riddle the matter being acted upon in

worshipping with the Baptist's in their revival meeting.

Walter Mittwee, local boy who is winning fame as a baseball player has been re-called by the Asheville, N. C. team, who sold him early in the season to another team. Walter has been sick, having a serious attack of acute indigestion, and was in the hospital for several days. He is now going strong again, and should hang up one of the best records of any since his entry into semi-pro baseball.

Mr. and Mrs. J. J. Codd have returned from a three weeks stay at Hot Springs, Ark. going there to take the bats for the benefit of Mr. Cudd who has hardly recovered from a severe case of flu last winter.

Prof. L. E. Snyder one of the teachers in the M. C. H. S. left recently for Nashville, Tenn., where he will take special study for the summer months.

Messrs C. C. and Harold Doss returned from a two weeks outing in Florida making the trip in their auto. They report a most enjoyable time during their stay.

Mrs. Louie Houston, has returned from a week's visit to her mother at Birmingham.

A large number of Hartselle people attended decoration services at Somerville Sunday.

## SHELTON—HAYNES.

Mrs. Mary F. Haynes announces the marriage of her daughter, Pearl to Mr. Atha Leonard Shelton, the wedding having taken place on Monday morning at 10 o'clock at the Westminster Presbyterian church with the Rev. L. F. Goodwin performing the impressive ceremony in the presence of a limited number of relatives and friends. The bride was given in marriage by her brother, John E. Haynes and she was becomingly gowned in a broad-based ensemble suit with a green hat and other accessories to match.

Immediately after the ceremony, Mr. and Mrs. Shelton left for Marshall, Texas, where they will reside. Mr. Shelton having accepted a splendid position there.

Miss Haynes, since coming to the Twin Cities several years ago from Shelbyville, Tenn., to make her home here, has endeavored herself to a wide circle of friends by her pleasing personality and winning manner both in church and social circles. Mr. Shelton, a former resident of Limestone county, is a promising young business man and was an official in the Knights of Pythias local organization. It will be learned with regret that they will make their home in a distant state.

## MISS GILES HOSTESS

Miss Evelyn Giles was hostess at a prettily planned party on Thursday evening at the home of her parents, Mr. and Mrs. Will Giles on Oak street.

Chatter and amusing games were the diversions of the evening and at a late hour delectable refreshments were enjoyed. Those included in her hospitality were Misses Elkins Himes, Dorothy Holmes, Susan Beech Garren, Florence Adams, Marjory Fussell, Mabel Pointer, Gladys Garnett, Dorothy Whaley, Hilda Carpenter, Julia Bingham, Louise Irwin, Phyllis Giles and the boys were Brader Fleming, Fred Hunt, Jr., Bill Rogers, Billy Wyker, Julian Bronough, Frank Richardson Jr., of Mooresville, John Henry Jones, Paul Wade, Paul Milam Paul Conley, Grady Sims, Ben Holmes Russell Lynn, Gene Morrow, Robert Hildreth, Older Brothers and sisters of the guests joining them in frolic and assisting in serving refreshments were Miss Lucille Giles, Miss Mary Bronough, Miss Ludie Moore Pointer, Miss Julia Lee Lynn and Seybourne Lynn.

Miss Margaret Pappenburg, a bride elect of June 17th was the inspiration for an unusually pretty buffet supper and bridge party when Mrs. W. P. Adams was hostess to twelve of her friends at her home on Canal street Friday evening.

For this occasion the living and dining rooms were artistically decorated with pink and white sweet peas and carnations, gift flowers.

After the bridge game, the honoree was ushered into the dining room where she was surprised with a "vanity shower." The gifts were arranged on the beautifully appointed table which was centered with a basket of pink carnations tied with a large pink tulle bow, the streamers leading to unshaded pink tapers.

Miss Pappenburg in her usual sweet manner expressed her appreciations as the dainty packages were opened.

Mr. and Mrs. I. D. Carlisle and family accompanied by Mrs. W. P. Adams and Miss Louise Holtman motored to Birmingham today. Mr. Carlisle will attend the Grotto ceremonies while in the Magic City.

Mrs. A. W. Reams, who underwent a very serious operation at the Benevolent Hospital on Saturday, is reported resting well today.

Miss Ann Hendricks Ashcraft, of Florence, Ala., was the guest last week of Mr. and Mrs. H. D. Burnum, en route to her home from Judson College, where she graduated this year.

Mr. and Mrs. Woodson Martin of Nashville, Tenn., were the weekend guests of their mother, Mrs. W. J. Martin.

## PAPPENBURG-HOFMANN

Mr. and Mrs. Henry Pappenburg request the honor of your presence at the marriage of their daughter, Marguerite to Rev. Karl Leonard Hofmann on Wednesday evening, June seventeenth, nineteen hundred twenty-five at half after eight o'clock at St. Paul's Lutheran church, Albany, Ala. The foregoing invitations have been received here by friends of the bride and groom.

## WEDDING PLANS

## WHY SKINNY FOLKS TAKE COD LIVER OIL

Gain 5 Pounds in 30 Days or Get Your Money Back

Because it is richer in vitamins than any other food in the world. Doctors prescribe it for rickets and anaemia in children and for tuberculosis, malnutrition and convalescence in grown up people.

As a producer of weight—good healthy flesh—there is nothing in the world so good.

But it's nasty tasting, horrible smelling stuff that often upsets the stomach so doctors now are ordering cod liver oil in tablet form.

You've got to take on weight when McCoy's Cod Liver Oil Compound Tablets are taken regularly—you simply can't help it.

It's so good that if it doesn't put on five pounds of good healthy flesh on any skinny man or woman in thirty days the McCoy Laboratories of New York authorize Albany Drug Co., and all druggists to return the price you paid for it.

Be sure to ask for McCoy's Cod Liver Oil Compound Tablets—sixty tablets—50 cents. One woman put on fifteen pounds in five weeks, and they are especially valuable to weak, thin children.—Advt.

## GET FEELING WELL AGAIN

From Mother Nature's storehouse we have gathered the roots, barks and herbs which are compounded, under the famous Tanlac formula, to make Tanlac. This great tonic and builder has brought health and strength to millions.

If your body is weak and undernourished, if you can't sleep or eat, have stomach trouble or burning rheumatism, just you see how quickly Tanlac can help you back to health and strength.

Most people notice a big change for the better after the very first bottle. They have better appetites and more pep. The sparkle comes back to their dull eyes and color to their faded cheeks.

Don't delay taking Tanlac another precious day. Stop at your druggists now and get a bottle of this, the greatest of all tonics.

Take Tanlac Vegetable Pills for Constipation.

## TANLAC FOR YOUR HEALTH

### BIDS WANTED FOR ROAD MAINTENANCE

The Board of Revenue of Morgan County, Alabama, will receive sealed bids until 10 o'clock a. m., Monday, July 13, 1925, for the surface treatment and application of asphalt bituminous surface on certain pike roads of said county.

The work to consist of the application of a coat of liquid asphalt with a filler of limestone chips or good clean gravel; the amount of money to be expended will be fifteen to twenty thousand dollars.

Specifications may be obtained from M. S. Bingham, County Engineer, Decatur, Alabama.

The right to reject any and all bids is reserved and bids will be accompanied by certified checks for \$500.00.

Bids to be filed with the Judge of Probate, Decatur, Alabama.

## New York Letter

NEW YORK, June 8.—The great and important do not always carry a magic signal by which they may be known. The not only wealthy but exceedingly popular Cornelius Vanderbilt as one of those who aroused the suspicion of local policemen and was halted by three of them down in Mississippi recently, "You're pinched," he was told. "So I gather," Mr. Vanderbilt replied. "But there is some mistake. I am not a rum runner. I am Cornelius Vanderbilt. 'Sure' was the officer's retort. 'Glad to know you, I'm John D. Rockefeller.' They made their way to the police station where a brief search satisfied the chief that he was not connected with the bootleggers and that he was indeed, Cornelius Vanderbilt. 'Goodby Mr. Rockefeller,' he called to the policeman but the abashed officer had departed hastily and quietly.

No one ever suspected poetry in the life of Morris Dietrich, who lived prosaically and steadily on Southern Boulevard for many years. But when he died, he left his only word to posterity, his will disposing of his entire fortune, in a stanza of verse. 'All my earthly goods I have in store, To my dear wife I leave forever more I freely give—no limit do I fix. This is my will, she the executrix.'

Lobster or pate de foie gras is probably thought of as more typically the favorite food of Manhattan in the eyes of the world than boiled potatoes or beefsteak. But this city is no different and no more delicate than the poorest sister of Main Street. Restaurants have been holding a voting contest here on choice dishes, and what would you pick as the winner? You'd undoubtedly be wrong in your guess. Because it proved to be plain corned beef and cabbage. Vegetable dinners took second place and ham and eggs third. We're pretty normal after all.

Without being a farceur Grant Mitchell is without question one of the most entertaining and amusing actors of the American stage. It is tremendously good fun to have him with us again in 'Spooks,' a mystery farce by Robert J. Sherman, which the Actors' Theater has just produced at the Forty-Eighth street theater. The play is not unusual, as mystery plays go, but it is more deftly done than most of them and we would know that the Actors' Theater would put as good actors and as wise characterization into it as the would into a heart problem, which many companies have failed to do and have consequently made the mystery play something below the enjoyment of the experienced play-goer.

There remains very little place in life for the amateur. Now even shall talk of the dinner table has become a thing for professional consideration and training. Goodness knows, it needed attention of some kind. Radios, dancing, jazz and the other sense distractors of the day created two social groups, those who give up and let themselves be entertained and remain completely silent under the stress of so much "entertainment," and those who chatter ceaselessly to keep up with it all, regardless of what they say. Therefore into this confusion has come the professional teacher of small talk. A regular school has been opened for the purpose. We certainly are going to be an educated nation.

The midnight rides of the fire insurance adjusters are to be no more. For many years, they have waited all night at Police Headquarters and racing to the homes of owners of buildings damaged by fire to solicit their business. Their automobiles have been parked near headquarters and the midnight races were frequently thrilling. A new law has just gone into effect forbidding them to go after customers between 6 p. m. and 8 a. m.

## RESOLUTIONS

Whereas, the members of the Morgan County Medical Society at the regular May meeting unanimously expressed approval of the plan and purposes of the Albany-Decatur Retail Credit Association, and,

Whereas, to put this plan into operation so far as the doctors are concerned requires that each and every doctor furnish said retail credit association with a list of all names, good and bad, on your several books or ledgers, and,

Whereas, each doctor will have to separate or classify said accounts before sending them in, specifying which are 'good,' which are 'slow,' and which are 'deadbeats,' now,

Therefore, be it resolved by the Morgan County Medical Society that we publish this resolution in the Albany-Decatur Daily, thus giving everyone opportunity to arrange his account with his doctor before such classification lists are prepared.

# Here Are Provisions Of The New Milk Ordinance

**AN ORDINANCE**  
Defining "Milk" and certain "Milk Products," "Milk Producer," "Pasteurization," etc. Prohibiting the sale of adulterated and misbranded milk and milk products, requiring permits for the sale of milk and milk products, regulating the inspection of dairy farms and milk plants, the testing, grading, labeling, placarding, pasteurization, regrading, distribution, sale, and denaturing of milk and milk products, providing for the publishing of milk grades, the construction of future dairies and milk plants, the enforcement of this Ordinance, and the fixing of penalties.

Be it ordained by the Council of the City of Albany, as follows:

## SECTION 1

### Definitions

The following definitions shall apply in the interpretation and the enforcement of this Ordinance:

(A) Milk is hereby defined to be the whole, fresh, clean, lacteal secretion obtained by the complete milking of one or more healthy cows, properly fed and kept, excluding that obtained within fifteen days before and five days after calving or such longer period as may be necessary to render the milk practically colostrum free; which contains not less than eight and one-half per cent (8 1/2 per cent) of solids not fat and not less than three and one-fourth per cent (3 1/4 per cent) of milk fat.

(B) Milk fat or butter fat is the fat of milk and has a Reichert-Meissel number of not less than twenty-four (24) and a specific gravity of not less than 0.905, (40°C-40°C).

(C) Cream, sweet cream, is that portion of milk, rich in milk fat, which rises to the surface of milk on standing or is separated from it by centrifugal force, is fresh and clean, and which contains not less than eighteen per cent (18 per cent) of milk fat; provided that cream having less than eighteen per cent milk fat shall be known as SUB-STANDARD CREAM.

(D) Cream having less than thirty per cent (30 per cent) milk fat shall be known as LIGHT CREAM.

(E) Cream having more than thirty per cent (30 per cent) and less than forty per cent (40 per cent) milk fat shall be known as HEAVY CREAM, and cream having more than forty per cent (40 per cent) milk fat shall be known as EXTRA HEAVY CREAM.

(F) WHIPPING CREAM AND MANNING CREAM are creams intended for whipping or manufacturing purposes, and the grades of same shall not be based on bacterial count.

(G) SKIMMED MILK is milk from which substantially all the milk fat has been removed.

(H) ADJUSTED MILK is milk in which the percentage of milk fat has been adjusted by the addition or removal of cream or skimmed milk.

(I) BUTTER MILK is the product which remains when milk fat is removed from milk or cream, sweet or sour, in the process of churning. It contains not less than eight and five-tenths per cent (8 5/10 per cent) of milk solids not fat.

(J) CULTURED BUTTER MILK is the product resulting from the souring or treatment by a lactic acid culture of milk or milk products.

(K) EVAPORATED MILK (UNSWEETENED) is milk from which a considerable portion of water has been evaporated and which contains not less than twenty-five and five-tenths per cent (25 5/10 per cent) of milk solids and not less than seven and eight-tenths per cent (7 8/10 per cent) milk fat.

(L) CONDENSED MILK (SWEETENED) is milk from which a considerable portion of water has been evaporated and which contains not less than twenty-eight per cent (28 per cent) of milk solids and not less than eight per cent (8 per cent) milk fat.

(M) CONDENSED SKIMMED MILK is skimmed milk from which a considerable portion of water has been evaporated and which contains not less than twenty per cent (20 per cent) of milk solids.

(N) POWDERED (DRIED) WHOLE MILK is milk from which substantially all of the water has been removed, and which contains not less than twenty-six per cent (26 per cent) of milk fat, and not more than five per cent (5 per cent) of moisture.

(O) POWDERED (DRIED) SKIMMED MILK is skimmed milk from which a substantial portion of water has been removed, and which contains not more than five per cent (5 per cent) of moisture.

(P) RE-COMBINED MILK is a substance produced by re-combining powdered whole milk, and milk fat, with water, and shall conform in milk fat percentage and bacterial counts to the provisions of this ordinance relating to milk.

(Q) MILK PRODUCTS shall be taken to mean and include cream, skimmed milk, adjusted milk, butter milk, cultured butter milk, evaporated milk (unsweetened), condensed milk (sweetened), condensed skimmed milk, powdered whole milk, powdered skimmed milk and re-combined milk.

(R) The terms "pasteurization," "pasteurized," "pasteurizer" and similar terms shall be taken to refer to the process of heating milk or milk products to a temperature of not less than one hundred and forty-two degrees (142°) Fahrenheit, and holding at such temperature for not less than thirty (30) minutes, in pasteurization apparatus approved by the health officer, the temperature and time being

ature and time recording device approved by the Health Officer.

**ADULTERATED MILK AND MILK PRODUCTS.**

(P) Adulterated milk and milk products are milk and milk products defined in this Ordinance which do not conform with the definitions contained in this ordinance.

**MILK PRODUCER.**

(Q) A milk producer is any person, firm, or corporation who owns or controls one or more cows, a part or all of the milk from which is for sale, or sold or delivered to another person, firm, or corporation.

**MILK DISTRIBUTOR.**

(R) A milk distributor is any person, firm, or corporation which has in possession, offers for sale, sells, or delivers to another, any milk or milk products for consumption or manufacturing purposes.

**DAIRY OR DAIRY FARM.**

(S) A dairy or dairy farm is any place or premises where one or more cows are kept, a part or all of the milk or milk products from which is sold or delivered to any persons, firm, or corporation.

**MILK PLANT.**

(T) A milk plant is any place, or premises, or establishment where milk or milk products are collected, handled, processed, stored, bottled, pasteurized, or prepared for distribution.

**HEALTH OFFICER.**

(U) The Health Officer shall be taken to mean the Health Officer of the City of Albany in person, or his authorized representative.

**AVERAGE BACTERIAL COUNT.**

(V) Average bacterial count shall be taken to mean the average bacterial count of all samples taken during the grading period, including at least four samples taken upon separate days.

**GRADING PERIOD.**

(W) The grading period shall be such period of time as the Health Officer may designate, within which grades shall be determined for all milk and cream supplies, provided that the grading period shall in no case exceed six (6) months.

**DISINFECTANT.**

(X) A disinfectant is any germicidal substance approved by the health officer.

**SECTION 2**

**THE SALE OF ADULTERATED OR MISBRANDED MILK OR MILK PRODUCTS PROHIBITED.**

No person, firm, association or corporation, shall within the City of Albany, produce, sell, offer or expose for sale, or have in possession with intent to sell, any milk or milk product which is adulterated or misbranded.

**SECTION 3**

**Permits**

It shall be unlawful for any person, firm, association or corporation, to bring into or receive into the City of Albany, for sale, or to sell or offer for sale, therein, or to have on hand any milk or milk product, excepting evaporated milk, condensed milk, condensed skimmed milk, powdered whole milk and powdered skimmed milk, who does not possess an unrevoked permit from the Health Officer of the City of Albany, and on whose vehicles or in whose place of business there does not appear in a conspicuous place a placard showing the permit number in figures at least three inches high and one and one-half inches wide.

Such a permit may be revoked by the Health Officer upon the violation by the holder of any of the terms of this or any other health Ordinance of the City of Albany, provided that the holder of said permit shall, after complying with such revocation have the right of appeal to the Board of Health.

**SECTION 4**

**Labeling and Placarding**

All bottles, cans, packages, and other containers enclosing milk or any milk product defined in this Ordinance shall be plainly labeled or marked with: (1) the name of the contents as given in the definitions in this Ordinance; (2) the grade of the contents as defined in this Ordinance; (3) the word "pasteurized" if the contents have been pasteurized; (4) the word "raw" if the contents are raw; (5) the percentage of milk fat if the package or other container encloses adjusted milk.

Every grocery store, restaurant, cafe, soda fountain or similar establishment selling or serving milk shall display in a place designated by the Health Officer, a card furnished by the Health Officer, stating the grade of the milk at the time when delivered and whether same is raw or pasteurized.

**SECTION 5**

**INSPECTION OF DAIRY FARMS AND MILK PLANTS FOR THE PURPOSE OF GRADING OR REGRADING.**

At least once during each grading period the Health Officer shall inspect every dairy farm producing milk or cream for consumption within the City of Albany, and all milk plants whose milk or cream is intended for consumption within the City of Albany. In case the Health Officer discovers the violation of any item of sanitation, he shall make a second inspection after a lapse of such time as he deems necessary for the defect to be remedied but not before the lapse of three days, and the second inspection shall be used in determining the grade of milk or cream.

One copy of the inspection report shall be posted by the Health Officer in a conspicuous place upon an inside wall of one of the dairy farm or milk plant buildings, and said inspection report shall not be removed by any person except the Health Officer. Another copy of the inspection report shall be filed with the records of the Health Department. In addition, a written notice shall be mailed to or left with the owner or manager in the case of violations.

**SECTION 6**

**THE TESTING OF MILK AND MILK PRODUCTS**

During each grading period at least four samples of milk or cream from each dairy farm and each milk plant shall be tested by the Health Officer. Samples of milk and cream from stores, cafes, soda fountains,

milk products are sold shall be tested as often as the Health Officer may require. Said tests shall include the determination of the bacterial count made in conformity with the standard methods recommended by the American Public Health Association, and may include such other chemical and physical determinations as the Health Officer may deem necessary for the detection of adulteration. Notices of bacterial counts shall be given to the producer or distributor concerned as soon as made, or to any interested person on request. Samples may be taken by the Health Officer at any time prior to the final delivery of the milk or milk products. All stores, cafes, restaurants, soda fountains and other similar places shall furnish the Health Officer, upon his request, the name of the milk distributor from whom their milk is obtained.

Should the market value of any single sample exceed twenty-five cents the City of Albany shall pay the distributor therefor.

**SECTION 7**

**The Grading of Milk and Cream.**

At least once every six (6) months the Health Officer shall announce through the daily press the grades of all milk and cream supplies delivered by all producers or distributors and ultimately consumed within the City of Albany. Said grades shall be based upon the following standards; the grading of cream being identical with the grading of milk except that the permissible bacterial limits shall be multiplied five fold in each case.

**CERTIFIED MILK.**

Certified milk is milk which conforms with the requirements of the American Association of Medical Milk Commissions, and produced under the supervision of the Medical Milk Commission of the Medical Society of Morgan County.

**GRADE "A" RAW MILK.**

Grade "A" Raw Milk is milk whose average bacterial count as determined under Section 6 of the Ordinance does not exceed 50,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the following items of sanitation:

**COWS, TUBERCULOSIS AND OTHER DISEASES.**

(1) A physical examination and tuberculin test of all cows shall be made before any milk therefrom is sold and at least once every twelve months thereafter by a veterinarian approved by the Health Officer. A certificate signed by the veterinarian and filed with the health officer, shall be the only valid evidence of the above test. Every diseased animal shall be removed from the herd at once and no milk from diseased cows shall be offered for sale. All re-acting animals shall be isolated at once and immediately excluded from the premises. All animals failing to pass the tuberculin test shall be branded with the letters "T" or "T.B." on the shoulder, hip, or jaw and removed at once and slaughtered, under the direction of the Health Officer. Each letter in the brand shall be not less than two inches high and one and one-half inches wide. Herds showing re-actors on any test shall be re-tested within six months but not before the lapse of sixty days.

**DAIRY BARN—LIGHTING.**

(2) All dairy barns shall have at least three square feet of window space for each animal.

**AIR SPACE.**

(3) All dairy barns shall have at least five hundred (500) cubic feet of air space per cow.

**FLOORS.**

(4) Floors and gutters of all dairy barns shall be constructed of concrete or other impervious and easily cleaned material approved by the Health Officer and shall be graded to drain properly, and shall be kept clean and in good repair.

**WALLS AND CEILINGS.**

(5) The walls and ceilings of all dairy barns shall be whitewashed once each year or painted once every two years, or finished in a manner approved by the Health Officer, and shall be kept clean and in good repair. In case hay or other feed stuffs are stored above the barn the ceiling shall be tight.

**COW YARD.**

(6) All cow yards shall be graded and drained as well as practicable, and kept clean.

**MANURE DISPOSAL.**

(7) All manure shall be removed and stored or disposed of in such manner as best to prevent the breeding of flies therein.

**MILK HOUSE OR ROOM—CONSTRUCTION.**

(8) There shall be provided a separate milk house or room for the handling and storage of milk, provided with a tight floor constructed of cement or other impervious material and graded to provide proper drainage. The walls and ceilings of the milk house or room shall be of such construction as to permit easy cleaning and shall be painted at least once each year or finished in a manner approved by the Health Officer. The milk house or room shall be well lighted and all openings effectively screened to prevent the entrance of flies, and shall be used for no other purpose than the handling and storage of milk or milk products and other operations incident thereto. The cleaning and other operations shall be so located and conducted as to prevent any contamination one to the other. The milk room shall not open directly into the barn or into any room used for sleeping or domestic purposes.

**CLEANLINESS AND FLIES.**

(9) The floors, walls, ceilings, and equipment of the milk house or room shall be kept clean at all times. All means necessary for the elimination of flies shall be used.

**TOILET.**

(10) Every dairy farm shall be provided with a sanitary toilet constructed and operated in accordance with the regulations of the Alabama State Board of Health.

**WATER SUPPLY.**

(11) The water supply shall be easily accessible, adequate and of a safe sanitary quality.

**UTENSILS—CONSTRUCTION.**

(12) All containers or utensils used in the handling or storage of milk or milk products must be of

cleaned and must be in good repair. Joints and seams shall be soldered flush. All milk pails shall be of a narrow mouth design approved by the Health Officer.

**CLEANING.**

(13) All containers and other utensils used in the handling and storing or transportation of milk and milk products must be thoroughly cleaned by rinsing with clean water after each usage, scrubbing in an alkaline solution, and rinsing with clean water.

**STERILIZATION.**

(14) All containers and other utensils used in the handling, storage or transportation of milk or milk products shall between each usage be sterilized with steam.

**STORAGE.**

(15) All containers and other utensils used in the handling, storing or transportation of milk or milk products shall be stored so as not to become contaminated until again used.

**HANDLING.**

(16) After sterilization no container or other milk or milk product utensil shall be handled in such manner as to permit any part of the person or clothing to come in contact with any surface with which milk or milk products come in contact.

**MILKING.**

**UDDERS AND TEATS.**

(17) The udders and teats of all milking cows shall be clean and sponged with a disinfectant immediately before milking.

**FLANKS.**

(18) The flanks of all milking cows shall be kept free of visible dirt at the time of milking.

**MILKERS' HANDS.**

(19) Milkers' hands shall be clean, rinsed with a disinfectant and dried with a clean towel immediately before milking. Should the milking operation be interrupted the milkers' hands must be re-disinfected. Wet hand milking is prohibited.

**CLEAN CLOTHING.**

(20) Milkers shall wear clean outer garments during milking.

**MILK STOOLS.**

(21) Milk stools shall be kept clean.

**REMOVAL OF MILK.**

(22) Each pail of milk shall be removed immediately to the milk house. No milk shall be strained in the dairy barn.

**COOLING.**

(23) Milk must be cooled within one hour after milking to 50 degrees Fahrenheit or less and maintained at or below that temperature until delivery, unless it is delivered to a milk plant for pasteurization or separation, in which case it must be cooled or pasteurized within two hours of the time of production.

**BOTTLING AND CAPPING.**

(24) Capping shall preferably be done by machine. In case capping is done by hand, the hands shall be disinfected in a manner approved by the Health Officer before the process of capping is begun and after each interruption. Caps not purchased in sanitary containers and kept therein until used shall be kept in dust-proof containers and shall be immersed in an approved disinfectant immediately before use.

**PERSONAL—HEALTH CERTIFICATES.**

(25) Every person whose work brings him or her in regular contact with the production, handling, storage, or transportation of milk or milk products shall hold a certificate from the Health Officer certifying to the fact that within twelve months laboratory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever, and that said person is free of any disease capable of being spread through milk supplies.

**NOTIFICATION OF DISEASE.**

(26) Notice shall be sent to the Health Officer within twenty-four hours by any milk producer or distributor upon whose dairy farm, factory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever, and that said person is free of any disease capable of being spread through milk supplies.

**GRADE "B" RAW MILK.**

Grade "B" Raw Milk is milk the average bacterial count of which at no time prior to delivery exceeds 200,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "A" Raw Milk except (2), (3), (4), (5), or (6), provided that cleanliness of the barn and cow yard shall in no case be omitted. Item (25) shall apply except that the cooling temperature shall be changed to sixty (60) degrees Fahrenheit. Item (14) shall apply except that boiling water may be substituted for steam.

**GRADE "C" RAW MILK.**

Grade "C" Raw Milk is milk the average bacterial count of which at no time prior to delivery exceeds 1,000,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "B" Raw Milk except (1), (7), (12), (14), (23), (24), or (25), provided that cleanliness shall in no case be omitted.

**GRADE "D" RAW MILK.**

Grade "D" Raw Milk is milk which does not meet the requirements of Grade "C" Raw Milk, and the average bacterial count of which does not exceed 5,000,000.

**GRADE "A" PASTEURIZED MILK.**

Grade "A" Pasteurized Milk is Grade "A" or Grade "B" Raw Milk which has been pasteurized, cooled, and bottled in a milk plant conforming with all of the following items of sanitation and the average bacterial count of which at no time after pasteurization and until delivery exceeds 50,000.

**BUILDINGS AND EQUIPMENT—FLOORS.**

(1) The floors of all rooms in which milk is handled shall be smooth, impervious, properly drained, and provided with trapped drains, and kept clean.

**WALLS AND CEILINGS.**

(2) Walls and ceilings of rooms in which milk is handled or stored shall be painted with a light colored paint or finished in a smooth, impervious material.

**TOILET.**

(3) Every dairy farm shall be provided with a sanitary toilet constructed and operated in accordance with the regulations of the Alabama State Board of Health.

**WATER SUPPLY.**

(4) The water supply shall be easily accessible, adequate and of a safe sanitary quality.

**UTENSILS—CONSTRUCTION.**

(5) All containers or utensils used in the handling or storage of milk or milk products must be of

cleaned and must be in good repair.

Joints and seams shall be soldered flush. All milk pails shall be of a narrow mouth design approved by the Health Officer.

**CLEANING.**

(13) All containers and other utensils used in the handling and storing or transportation of milk and milk products must be thoroughly cleaned by rinsing with clean water after each usage, scrubbing in an alkaline solution, and rinsing with clean water.

**STERILIZATION.**

(14) All containers and other utensils used in the handling, storage or transportation of milk or milk products shall between each usage be sterilized with steam.

**STORAGE.**

(15) All containers and other utensils used in the handling, storing or transportation of milk or milk products shall be stored so as not to become contaminated until again used.

**HANDLING.**

(16) After sterilization no container or other milk or milk product utensil shall be handled in such manner as to permit any part of the person or clothing to come in contact with any surface with which milk or milk products come in contact.

**MILKING.**

**UDDERS AND TEATS.**

(17) The udders and teats of all milking cows shall be clean and sponged with a disinfectant immediately before milking.

**FLANKS.**

(18) The flanks of all milking cows shall be kept free of visible dirt at the time of milking.

**MILKERS' HANDS.**

(19) Milkers' hands shall be clean, rinsed with a disinfectant and dried with a clean towel immediately before milking. Should the milking operation be interrupted the milkers' hands must be re-disinfected. Wet hand milking is prohibited.

**CLEAN CLOTHING.**

(20) Milkers shall wear clean outer garments during milking.

**MILK STOOLS.**

(21) Milk stools shall be kept clean.

**REMOVAL OF MILK.**

(22) Each pail of milk shall be removed immediately to the milk house. No milk shall be strained in the dairy barn.

**COOLING.**

(23) Milk must be cooled within one hour after milking to 50 degrees Fahrenheit or less and maintained at or below that temperature until delivery, unless it is delivered to a milk plant for pasteurization or separation, in which case it must be cooled or pasteurized within two hours of the time of production.

**BOTTLING AND CAPPING.**

(24) Capping shall preferably be done by machine. In case capping is done by hand, the hands shall be disinfected in a manner approved by the Health Officer before the process of capping is begun and after each interruption. Caps not purchased in sanitary containers and kept therein until used shall be kept in dust-proof containers and shall be immersed in an approved disinfectant immediately before use.

**PERSONAL—HEALTH CERTIFICATES.**

(25) Every person whose work brings him or her in regular contact with the production, handling, storage, or transportation of milk or milk products shall hold a certificate from the Health Officer certifying to the fact that within twelve months laboratory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever, and that said person is free of any disease capable of being spread through milk supplies.

**NOTIFICATION OF DISEASE.**

(26) Notice shall be sent to the Health Officer within twenty-four hours by any milk producer or distributor upon whose dairy farm, factory and other examinations have been made indicating that said person is free of tuberculosis, that said person is not a carrier of typhoid fever, and that said person is free of any disease capable of being spread through milk supplies.

**GRADE "B" RAW MILK.**

Grade "B" Raw Milk is milk the average bacterial count of which at no time prior to delivery exceeds 200,000 per cubic centimeter, and which is produced upon dairy farms conforming with all of the items of sanitation required for Grade "A" Raw Milk except (2), (3), (4), (5), or (6), provided that cleanliness of the barn and cow yard shall in no case be omitted. Item (25) shall apply except that the cooling temperature shall be changed to sixty (60) degrees Fahrenheit. Item (14) shall apply except that boiling water may be substituted for steam.

**GRADE "C" RAW MILK.**

Grade "C" Raw Milk is milk the average bacterial count of which at no time prior
